THE CREATIVE TEAM BEHIND CYBORG?

Cyborg is a character that's been a regular part of the DC Universe for a while, but he's recently had a surge in popularity. What can we expect from this new series?

David: A lot of it is just going to be about Vic Stone—getting to know Vic and his world and defining him as a hero on his own, but then defining Vic as a human being as he develops into this sort of divisive character within the world of people that are increasingly embracing technology.

Ivan, is the look of Cyborg changing at all from when you drew him for JUSTICE LEAGUE?

Ivan: Yes it is. Something is happening with him and his tech will change due to it. Now the tech can better understand how the body works and it can reproduce muscle and skin. But this is something that Cyborg needs to learn how it works. His body is more human, but not as he'd like. Think of Cyborg like an attraction from the Body Worlds exhibit...but alive.

With Cyborg's ability to access any computer network, he definitely is a hero for the modern age, but he's also only one step removed from being one of the most sinister villains out there. Do you tap into this notion at all?

David: I want to, but I also want to look at the deeper political aspect of it, without losing the fun of a comic book. In America last year we saw unarmed black kids getting shot in the back, and they weren't outfitted with ten billion dollars worth of cybernetics.

There are people that are seen as being a threat who aren't really threats.

Vic, by nature, isn't a threat; but also by nature of what he is, he can be a threat. So I want to play around with that. To a lot of humans, Vic is like Frankenstein's monster. He straddles both worlds, and it's a line that we all tend to straddle these days. The moment we get a smart phone, the moment we log onto the Internet, the moment we start social networking, we are disconnecting in various ways from our own humanity.

A dream date turned into a nightmare when my latest squeeze, Mason, got picked up an' carted off ta jail.

Y'see, he was in jail already, awaitin' trial fer an accidental homicide. He escaped, an' we've been hittin' it off ever since.

That is, until our fateful date.

I had a chat with the Mayor of our fine city about not gettin' in the way a' my Gang a' Harleys. He wasn't cooperatin', so I threatened to expose him fer bribery, which he was none too happy about.

My thinkin' is the mayor had me followed, and grabbin' Mason was part of that fallout. That sucks.

I hadda be the one to break the news to Mason's mom. It just broke my heart ta tell her. She loves her son, an' I know she'll do anything she can to get him outta jail.

She already did, once. I get the feeling she's a tickin' time bomb just waiting ta go blooey.

An' if that's not enough, we got a missin' persons case to investigate. A sailor named Capt'n Horatio Strong.

It shoulda been as simple as find-the-drunk-in-the-bushes, but nothin' is easy this side a' the merry-go-round.

BOSS, WE GOT A CALL FROM HARVEY QUINN. SOUNDS LIKE TROUBLE.

WE GOT CUT OFF, AND WHEN I TRIED CALLING BACK, IT WENT DIRECTLY TO MESSAGE. I HAVE THE ADDRESS WHERE THEY WERE.

COACH, GIMME THE ADDRESS. EGGS, GET BOLLY QUINN, CARLI QUINN AND HARLEY QUEENS SUITED UP AN' ARMED.

THE REST OF THE TEAM STAYS HERE 'TIL I CALL YA.
